I.D. and kindred offences are very prevalent in the South Kanara district and consequently consumption of licit arrack has been steadily going down in recent years. The No. of I.D. and kindred offences reported and the figures of consumption of country spirit for the last 4 years are given below :--

	1923-24:	1924-25 :	1925-26 :	1926-27 :
idred Offences	149	120	172	168
Consumption(P.Gallns.)	62804	60440	52507	44995

2. The Assistant Commissioner points out that the offenders are in most cases backed by influential men of the locality who have a number of rowdies at their beck and call to create trouble for the preventive staff. Assaults on officers have increased of late, Police aid cannot always be secured especially in the interior parts of the District which are far away from Police stations.

3. The existing range staff find it difficult to cope with he crime. In most of the ranges, the Sub Inspector has usually 4 peons only; one peon is always engaged on tappal dut, and another has to be sent frequently for serving notices, summons etc. The Sub Inspector ordinarily has only two peons left to help him in the detection of cases. This staff is inadequate for the detection or suppression of crime in view of the temperament of the people engaged in the illicit trade. There is little doubt that for want of adequate staff some of the Sub Inspectors shirk detection work rather than run the risks involved.

4. In the above circumstances, the Assistant Commissioner urges that additional peons are essential for certain ranges of the District and recommends that the range staff be strengthened by the addition of 31 peons. The existing and the proposed staff is shown below :--

5. The Commissioner agrees with the Assistant Commissioner and recommends that an additional staff of 31 peons on Rs.12-18 may be sanctioned with effect from 1-4-28. The extra cost works out to Rs.5580 per annum Necessary provision will be included in the budget estimates for 1928-29, Part II.

NOTE FOR THE FINANCE COMMITTEE.

Part II Scheme for 1928-29

Establishment - Excise - South Kanara district - Additional peons - Employment.

The Commissioner of Excise has reported that illicit distillation and similar offences against the Abkari laws are very prevalent in the South Kanara district and has pointed out that the persons who commit such crime are supported by powerful influences and the preventive staff of the ranges is not strong enough to deal adequately with them. Aid cannot always be secured promptly from the Police especially in the interior parts of the district which are far away from police stations. In most of the ranges, the sub-inspector of Excise has only four peons. One of these peons is always engaged on tappal duty and another has to be sent out frequently for serving notices, summons etc. Th sub-inspector is thus generally left with only two peons to help him in the detection of cases. With this inadequate assistance the sub-inspector cannot safely attempt to detect cases in most of which the guarding and searching of houses are involved and t arrest offenders engaged in serious crime who are generally turbulent. The Commissioner of Excise has therefore urged that if abkari crime is to be put down effectively, the range staff in the South

Kanara district should be strengthened and has recommended the appointment of 31 additional peons to reinforce the existing staff in certain selected ranges in that district.

The additional peons ~~now proposed~~ are necessary if illicit distillation and other serious crimes which are increasing in the South Kanara district are to be suppressed. It is accordingly proposed to sanction the employment of 31 additional peons in that district with effect from 1-4-1928.

Note by the Finance Department

The proposal may be placed before the Finance Committee as a Part II scheme for 1928-29
